

Gulf Coast Bird Observatory

Presents

Birds of Prey: Hawks, Eagles, Falcons and Vultures of North America

By Kevin T. Karlson

Friday, October 5, 2018 7:30 – 8:30 pm

299 Hwy 332 West

Lake Jackson, TX 77566

\$5 donation suggested for admittance

Kevin Karlson will present this visually stunning program reflecting the mood and content of Birds of Prey by Pete Dunne and Kevin Karlson (Houghton Mifflin Harcourt). The show begins with a video introduction by Pete Dunne where he explains the concept of the book as images of raptors are shown. Kevin will then present all the raptor groups with images from the book by multiple photographers showing

incredible behavioral action photos and share some of his birds of prey stories. A special musical ending will highlight some of the most spectacular raptor images ever assembled by 19 top North American photographers.

Kevin will be available to sign copies of his books after the presentation. Books will be for sale at GCBO.
